Eleanor Quinn was America's sweetheart. The lead singer in a wildly successful band and dating the most beautiful man in America, she lives a life most could only dream of. Then on the night of her engagement, she vanishes, leaving the world to wonder where and why she has gone. Eleanor sets out on a journey to regain agency in her life, to be something other than "Eleanor Quinn". She moves to Seattle determined to find herself again. Riddled with self-doubt, she realizes the only way she can ever be free is to share her side of the story. Although starting over is not as simple as she imagined as the ghosts from her past force their way to her. *Cynthia Starts a Band* tells the story of starting over and discovering who one is when the world isn't looking.
